For your kids:

The clever **SNAG Golf** game is a fantastic way to get your kids interested in the sport without the typical frustration. Two lightweight clubs with oversized heads—a launcher for drives, pitches, and chips, and a roller for putts—are used to propel Velcro tennis balls. Set up the wide, Velcro-based “flagsticky” in your yard and start teaching the fundamentals. An accompanying video gets you acquainted with the system; golf pro (and co-creator) Wally Armstrong offers idiot-proof instructions in grip, setup, and swing. Starter Pack, \$120 (other items and aids are sold separately); 866-762-4465; www.snaggolf.com
